

BTA80

Electrohydraulic CNC bending machine

- Bending capacity up to D 80 x 2,0 (steel) or D 76 x 2,0 (VA)
- Optional multi-stack bending technology
- Optional free-form bending
- Short setup times
- Tube length from 3 - 6 m
- Ready for automation
- Pressure die
- Mandrel unit
- Hydraulic motor power 18kW
- Bending head height 340 - 400 mm (depending on configuration)
- Standard colors: RAL 7035 / RAL 7031 / RAL 5017
